PERSONAL STATEMENT

I am a hardworking, reliable person who is always up for a challenge. I can work efficiently and effectively as a team or on my own as I have shown in my previous work experience. I study at Blackburn College in the Motor Vehicle Trade. At the moment, I am working towards a Diploma in Level 1 in Vehicle Maintenance as I am very passionate about it and in the near future am hoping it can really come to use. I have worked in various places and have gained multiple types of work experience ranging from takeaways, restaurants, dessert bars, shisha bars, cafe's and garages which means I have managed to obtain enough insight in the real working world.

EXPERIENCE

2024

CHAI PAANI, BLACKBURN

I am currently working in a customer service role whereby I am thinking on my feet and working in a fast paced environment to ensure the customers are satisfied and are happy with their experience at this restaurant/ cafe. My role within this cafe is to serve customers, place their order and to assist in preparing the customers food. This has drastically improved my ability in working under pressure and getting tasks done in an orderly manner.

5/1/24-1/5/24 (2024)

MAYFIELD STREET AND MOT CENTRE, BLACKBURN

I was working in a vehicle repair shop in Blackburn whereby I was set tasks such as removing and replacing tyres, brake pads, brake discs, callipers, calliper carriers, alternators, services, MOT, spark plugs, glow plugs etc. This majorly allowed me to gain a better understanding of the components of a car and to really widen my knowledge on a passion that intrigues and fascinates me in the best way possible. Moreover, working in a repair shop has really helped me improve my listening skills and how to follow instructions in an organised and timely manner which will help me in many other aspects and fields of work.

1/7/22-27/10/22 (2022)

AFRIKANAS RESTAURANT , BLACKBURN

After leaving high school, I gained insight into working a real life job where I worked at a fast paced restaurant, seating customers and serving them. This really helped me with working as a team alongside many other coworkers and

helped me build upon my time management skills and improved my ability not only with customers but also with other members of staff.
