Personal Profile:

I am a punctual and reliable person who works well under pressure. I am able to work in both a team and independently. I consider myself to be a friendly character with a good sense of humour, who is approachable. I have excellent communication skills and good time management skills. I like to dedicate myself to the role I am doing. I am a hard-working individual, who is always looking to expand on my skills. I can adapt to new situations well and consider myself to be a quick learner.

Qualifications:

Byrchall High School (2012 - 2017):

- 10 GCSE's B-C

St Helens College (2017 - 2019):

- BTEC Level 3 National Extended Diploma in Graphic Design - Distinction*

University of Chester (2019 – 2022):

- 1st Class BA (Hons) Degree in Graphic Design

Work Experience:

Haydock Park Racecourse (2017-2018):

During my time as a waiter, I gained extensive knowledge of the importance of food hygiene, allergens, and cleanliness in general. I also attained strong communication skills, a great work ethic, and the ability to learn new tasks and skills quickly.

Prescott Graphics (May - September 2018):

During the summer of 2018, I undertook a traineeship to gain valuable experience in the graphic design industry. My role was to create and supply clients with all forms of bespoke signage and advertisements. I had a range of responsibilities in this role, including providing excellent customer service, ensuring I worked as a team and designing to meet client requirements while assuring all work was carried out to a high standard.

Evri (2019 - 2022):

While studying at university, I worked part-time as a warehouse operative. My role in this job was to load and unload trailers, as well as sort and organise parcels to assigned locations. During my time in this role, I managed to strengthen my communication and teamwork skills, I also gained a greater work ethic as this job role was physically demanding.

Morrisons (2022 – Present):

Once I finished university, I undertook a part time job at Morrisons, so I could continue to develop my personal design projects on the side and gain further skills in Figma, a web application for interface design. My role at Morrisons involves correctly picking and packing customer orders, checking product stock, and providing a high-quality customer service. The role has allowed me to expand on current communication skills both verbal and written, organisational skills, the ability to work efficiently in a busy environment and work as part of a team.

Interests & Hobbies:

I am quite a social person as I like to be as active as possible, whether this is being out with my friends, engaging in sports activities or travelling to new places. I have a strong passion for rugby league, and I enjoy attending weekly games to spend time with my family. I also enjoy expanding my knowledge in many different ways as an independent learner, as over the years I have become self-taught and gained a large interest in computers and user interface design, which I like to work on in my spare time. Specifically, I am currently working on my personal design project which includes the development of a brand, mobile application, and website to support students with learning disabilities.
