ABOUT ME

With 17 years of professional experience, performed various roles, including technical, managerial and customer support.

All roles were tightly connected to maintaining the devices of end-users and technical equipment at work facilities to provide first-class service to customers while enabling the smooth run of the multimillion properties, avoiding emergency mode operation and unnecessary extra expenses for the entity.

Analytical and multitasking abilities allowed to grow to Senior Night manager in the high-end sector of hospitality, where I successfully obtained and applied leadership and management skills.
