Profile

As a dedicated and analytical financial analyst with a year of hands-on experience in the financial services sector, I have developed a robust foundation in financial modelling, data analysis, and market research. My expertise includes the preparation and maintenance of books of accounts, ensuring accurate financial reporting and compliance with regulatory standards. Adept at leveraging advanced analytical tools to provide actionable insights and drive strategic decision-making, I am eager to deepen my expertise and take on new challenges. Committed to continuous learning and professional growth in the finance industry, my goal is to contribute effectively to a dynamic financial team while honing my skills in investment analysis, risk management, and financial planning.

Education Qualification

Brunel University London	Graduate	2022 – 2023
MSc Banking and Finance – Pass		

Key Modules –

- Developed a critical understanding of the importance of the Banking financial system in facilitating economic development and advanced knowledge on International Finance, Securities and Management, Global Financial Markets, Financial Analysis, Risk.
- Submitted an individual financial coursework on estimating the equity values of two FTSE350 companies over a four-year period using the Miller-Modigliani investment opportunities model
- Submitted an individual assessment on an empirical essay about the Feldstein Horioka (1980) Puzzle. This is about the relationship between investment (as a ratio to GDP) and savings (as a ratio to GDP). The survey by Coakley, Kulasi and Smith (1998). This involves running OLS estimation on regressions of investment (as a ratio to GDP) on a constant and savings (as a ratio to GDP).
- Submitted my dissertation on the effects of Mergers and Acquisition in Practice, case study involving NatWest and RBS.

Professional Qualification

Chartered Institute of Management Accountants (CIMA) Qualification – In Progress

Currently pursuing the prestigious CIMA qualification, demonstrating a commitment to advancing skills in management accounting and financial management.

Other Experience

Financial Analyst	RG TECHNOLOGIES LTD	06/2023 – Present
--------------------------	----------------------------	--------------------------

I played a pivotal role in conducting financial analysis and meticulously crafting detailed financial models. I collect and analyse financial information and also involved in preparation and maintaining the company's books of accounts, ensuring accuracy and compliance with accounting standards. My duties also included conducting comprehensive credit and cashflow analyses of companies, providing crucial insights into their financial health. Additionally, I was actively involved in conducting thorough research on companies, industries, and markets for various purposes, such as competitor benchmarking. Furthermore, I assisted in the preparation of management and investment presentations, information memorandums, and business plans, ensuring that these documents were well-structured and informative for key stakeholders.
