# DANIEL CLARK

## Social & Digital Marketing

## ABOUT ME

I'm Daniel Clark, a 30 year old Marketing with Digital Communications student at Edge Hill University. Throughout my adult life my career ambition has always been to succeed in the digital marketing sphere.

One quality I pride myself on is adaptivity. From working at SkinViva, a botox/dermal filler company, to Taylor Riding Construction, a business to business, industrial construction company, my work has always achieved positive results.

I'm approachable, confident and extremely passionate about marketing. I currently volunteer at Southampton Pride as their Social Media Officer; as a proud member of the LGBTQ+ community this work is hugely important to me and is incredibly gratifying. I've been doing this role for 4 years.
