- Effectively managed household chores, cleaning, and maintenance.
- Developed problem-solving skills through addressing daily family challenges.

- Skilled and experienced at working under pressure/ on a time limit.

#### Additional Information:

• **Hobbies and Interests:** In my spare time I enjoy sewing, textiles was one of the lessons I took during my school years and is a hobby I still highly enjoy to this day. I have used this hobby to make new clothes and accessories for my own children.

I also enjoy interior design/ decorating and finding the perfect pieces to fit in a room making it feel complete.

Additionally, I do a lot of fitness and exercise in my spare time.

Lastly, reading is a major hobby of mine. Stepping into my living room at home feels like walking into a book store, I enjoy a wide range from classic reads such as the works of William Shakespeare, to more modern book written by Emma Donoghue.

## Work Experience

### **Sales Assistant**

Accrington

July 2013 to December 2016

During my high school years and for a while after I left school, I was a sales assistant on a very busy market stall selling designer children's wear. My daily tasks included customer service, setting up the stall in a morning and packing stock away in an evening, pricing items, sorting through donations or purchased goods.
