64A Tithebarn Street, L2 2EE, Liverpool, United Kingdom.

## **PROFILE**

Dedicated and forward-thinking finance professional with a Master's degree in Finance and Investment Management from the University of Liverpool, complemented by a Bachelor's in Commerce from the University of Madras. Equipped with a comprehensive understanding of financial principles, analytical techniques, and investment strategies, coupled with hands-on experience in both academic and internship environments. I would want to prepare myself to be able to work in a highly organised environment and contribute my knowledge in the field to help the organisation meet its goals.
